Dear Harold:

Thank you for your lovely letter of Jan. 7th.

I carefully read all the mail as it arrived and then set it aside to re-read at a less hectic and more relaxed period.

I re-read your letter this past week and noted you would like a copy of the booklet prepared for the Memorial meeting (Jan 5th) that Hubert Richer and Sam's friends put together.

I'm sending you a copy of the booklet (we have only a few left, I wish I could send more) and also some of our local publications that had articles on Sam.

I am presently working with a group of Takoma people who want to add a third line to the name of our Municipal Building and add "Sam Abbott Citizen Center" to City of Takoma Park, Municipal Building.

I do hope your health is good and you are feeling O.K. Take care of yourself. We need you to help balance against the evil in the world today. I am almost glad Sam did not have to live through the ugly Gulf War.

Regards to your wife and if you ever drive to this area, please drop in to see me.

Warmest
Regards
Ruth Abbott
